If this permit is approved, it is done so using information provided by the applicant in the record regarding his ownership of the property and boundary locations. The applicant has the burden of proving that he has a legal right to use the property and that he is measuring required setbacks from the legal boundary lines of the lot. The approval of this permit in no way relieves the applicant of this burden, nor does it constitute a resolution in favor of the applicant of any issues regarding the property boundaries, ownership or similar title issues. The permit holder would be well advised to resolve any problems before expending money in reliance on this permit.
