Tuesday, January 10, 2023  
6:30 p.m.  
Hope Town Office

### Board Members Present:

- Sarah Ann Smith, Dick Crabtree, Charlie Weidman, and Michael Schultz

### Others Present:

- Samantha Mank, Chelsea Summers, and Beth Gindel

### Call to Order:

- The meeting was called to order at 6:32 p.m. by Sarah.

### Agenda Adjustments/Approval:

- Charlie made a motion to amend the agenda to include the confirmation of a deputy town clerk under new business. It was seconded Michael.

**Motion passed 4-0**

### Public Comment:

- None

### Minutes:

- December 27, 2022: Dick made a motion to approve the 12/27/22 minutes. It was seconded by Charlie.

**Motion passed 3-0-1 (Michael)**

### Warrants 47, 48, & 49:

- The Select Board reviewed the warrants. Charlie made a motion to approve and sign warrants 47, 48, and 49. It was seconded by Michael .

**Motion passed 4-0**

### New Business:

- Confirmation Deputy Town Clerk – Chelsea Summers: Dick made a motion to confirm Chelsea Summers as the Deputy Town Clerk. It was seconded by Charlie.

**Motion passed 4-0**

### Old Business:

- Ground Penetrating Radar for Cemeteries: Upon review of the quote provided by Topographix, Charlie made a motion to approve having the forementioned company provide

ground penetrating radar services to locate actual grave sites at Morey Hill Cemetery and to have the matter placed on the warrant for the next town meeting and to make sure all funding sources are specified. It was seconded by Michael.

**Motion passed 4-0**

- Discussion – Special Town Meeting: Dick made a motion to call a Special Town Meeting on Thursday, March 2, 2023. It was seconded by Charlie.

**Motion passed 4-0**

- Resource Protection, Mr. Leppanen – Next Steps Discussion: The Select Board opted to take no action at this time and to await results from the Special Town Meeting.

**Other Business:**

- None

**Town Administrator Report:**

- RJD Appraisals finished the inspections and inputting all of the information yesterday. Please see the attached review results and the comparison of both years.
- Spoke with Bill Brewer regarding the status of the annual audit. He said Kate has called to try to get on the schedule to finish the audit by the end of the month.
- I signed off on two FEMA project certifications. The total reimbursement to date will be \$141,413.96. There is another small one anticipated in an amount around \$1,000. The total expenses submitted by John are \$176,787.05. This is a difference of \$34,374.05. It is unclear if this is solely the FEMA reimbursement, and the Town can also expect funds from MEMA or if this is the total from both.
- The town’s attorney has not heard from Doug Kelly’s attorney regarding the replanting and restoration plan on his Highfield Rd. property. He said he would check in to why there seems to be a delay. The deadline for compliance on the second notice of violation is February 1, 2023.
- The January Planning Board meeting was postponed until next Tuesday, Jan. 17<sup>th</sup>.
- There were 5 new building permits and 1 plumbing permit issued since the 12/27/22 Select Board meeting:

○ Carly Wight	17 Becki Ln.	Addition
○ Ed Green	173 Payson Path	Wheelchair ramp
○ Lorraine Wilson	25 Loon Ln.	After-the-fact permit
○ Jay Wilson	1 Dereks Way	After-the-fact permit
○ Robert Heal	84 Church St.	Enclose existing deck
- There are 3 RE accounts for 2021, totaling \$4,391.54. Unpaid 2021 real estate taxes will automatically foreclose on February 3, 2023, if the accounts are not paid in full.

- There are 9 RE accounts for 2022, totaling \$24,334.89. Unpaid 2022 real estate taxes will automatically foreclose on February 27, 2024, if the accounts are not paid in full.
- There are 984 RE accounts for 2023, totaling \$1,533,821.42. The second half is due on May 2, 2023.
- The cash has not been out of balance since the Select Board meeting on 12/27/22.

**Executive Session:**

- Charlie made a motion to enter executive session pursuant to 1 M.R.S. §405(6)(A)(1) – personnel matters at 8:01 p.m. It was seconded by Michael.

**Motion passed 4-0**

- Charlie made a motion to exit executive session at 8:55 p.m. It was seconded by Dick.

**Motion passed 4-0**

# Hope Planning Board Ordinance

## I. Establishment

Pursuant to Article VIII of the Maine Constitution and 30-A M.R.S.A. Sections 2691 and 3001, the Town of Hope hereby establishes a Planning Board.

## II. Appointment

A. Hope Planning Board members shall be appointed by the Municipal Officers and sworn into office by the Town Clerk or other person authorized to administer oaths.

B. The Planning Board shall consist of five (5) regular members.

C. The term of each member shall be five (5) years. Following the passage of this ordinance, shall have one term expiring each year.

D. When there is a permanent vacancy on the Hope Planning Board, the Municipal Officers shall, within 60 days of a vacancy occurring, appoint a person to serve for the remainder of the unexpired term. A vacancy shall occur upon the resignation or death of any member, or when a member ceases to be a legal resident of the Town of Hope, or when a member fails, without good cause, to attend four (4) consecutive regular meetings, or at least 75% of all meetings during the preceding twelve-month period. When a vacancy occurs, the Chair of the Planning Board shall immediately advise the Municipal Officers in writing. The Municipal Officers may remove members of the Planning Board, by unanimous vote, for cause, after due process, including notice and hearing.

E. A Municipal Officer may not be a member of the Planning Board.

## III. Organization and Rules

A. The Planning Board shall elect a Chair, Vice-Chair, and Secretary annually from among its members. Officers shall be elected at the first regularly scheduled meeting following the Annual Town Meeting.

B. Any question of whether a member shall be disqualified from voting on a particular matter shall be decided by a majority vote of the members present, except the member who is being challenged.

C. No meeting of the Planning Board shall be start without a quorum consisting of three (3) members. The Board shall act by a majority vote of those members present and authorized to vote.

D. Planning Board meeting notices, site walk notices, and accompanying agendas, shall be posted at least one day prior to the event. These notices shall be posted at the Town Office pursuant to 1 M.R.S. §401. Electronic posting of notices may be done for convenience but is not legally required.

## Hope Planning Board Ordinance

- E. The Planning Board shall adopt by-laws for the transaction of business. All Planning Board records, resolutions, correspondence, findings, and determinations shall be maintained at the Town Office. All records are public and may be inspected during regular business hours.

### IV. Powers and Duties of the Hope Planning Board

- A. The Planning Board shall perform such duties and exercise such powers as are provided by Hope Ordinances and the laws of the State of Maine.
- B. The Planning Board shall adopt bylaws governing Board functions. Initial adoption of Planning Board bylaws, and all subsequent amendments, shall be subject to review and approval of the Select Board.
- C. The Planning Board Chair will submit a report to the Town Administrator which will be included in the Annual Town Report outlining the actions of the Planning Board for the previous year, no later than April 1<sup>st</sup>.

### V. Repeal of Prior Planning Board Ordinance

Any Planning Board Ordinance creating an "old" Planning Board prior to the establishment of this Planning Board Ordinance is hereby repealed. It is the intent of this Ordinance to establish a "new" lawfully authorized Planning Board under the provisions of 30-A M.R.S.A 3001.

**TOWN OF HOPE  
MORATORIUM ORDINANCE  
GROUND-MOUNTED  
MEDIUM- AND LARGE-SCALE  
SOLAR ENERGY FACILITIES**

WHEREAS, the Maine State Legislature recently enacted several laws intended to encourage development of renewable energy projects in the State of Maine; and

WHEREAS, developers have expressed interest in and have been increasingly developing Ground-Mounted Medium- and Large-Scale Solar Energy Facilities throughout the State of Maine; and

WHEREAS, no specific regulation governing Ground-Mounted Medium- and Large-Scale Solar Energy Facilities exists in any of the Town of Hope's ordinances; and

WHEREAS, the Town's existing ordinances do not provide an adequate mechanism to control Ground-Mounted Medium- and Large-Scale Solar Energy Facilities and are inadequate to prevent the potential for serious public harm from the siting, installation and operation of Ground-Mounted Medium- and Large-Scale Solar Energy Facilities in the Town; and

WHEREAS, the siting, installation and operation of Ground-Mounted Medium- and Large-Scale Solar Energy Facilities within the Town raise legitimate and substantial questions about the impact of such facilities on the Town, including but not limited to whether such facilities are compatible with existing and permitted land uses in the Town; potential adverse environmental effects; and the lack of plans and other financial assurances that such facilities will be properly constructed and decommissioned; and

WHEREAS, the Town needs a reasonable amount of time to study land use implications of Ground-Mounted Medium- and Large-Scale Solar Energy Facilities and develop reasonable regulations governing their location and operation and to secure voter approval for such ordinance provisions; and

WHEREAS, during the period of this Moratorium, the Town will work on developing appropriate land use regulations concerning Ground-Mounted Medium- and Large-Scale Solar Energy Facilities; and

WHEREAS, the Town with the assistance from the Planning Board, Code Enforcement Officer and other departments, intends to study the Town's ordinances to determine the land use and other regulatory implications of the siting, installation, operation and decommissioning of Ground-Mounted Medium- and Large-Scale Solar Energy Facilities within the Town, and to consider what locations, approvals and performance standards, if any, might be appropriate for these facilities; and

WHEREAS, it is anticipated that such a study, review and development of a recommended ordinance will not take more than 180 days from the Date of Applicability of this Moratorium Ordinance; and

WHEREAS, the Hope Planning Board and Select Board finds that the foregoing facts constitutes an emergency and demonstrate that a moratorium on Ground-Mounted Medium- and Large-Scale Solar Energy Facilities is necessary pursuant to 30-A M.R.S. §4356 and requires immediate action.

**NOW, THEREFORE**, based upon the preceding findings, be it ordained by the Town of Hope, that the following Ground-Mounted Medium- and Large-Scale Solar Energy Facilities Moratorium Ordinance (“Moratorium Ordinance”) be, and hereby is, enacted and, in furtherance thereof, the Town does hereby declare a moratorium on the location, operation, permitting and licensing of Large-Scale Solar Energy Systems within the Town.

1. **Authority.** This Moratorium Ordinance is enacted pursuant to 30-A M.R.S. §4356 and the Town of Hope’s home rule authority pursuant to the Maine Constitution 30-A M.R.S. §3001.
2. **Purpose.** The purpose of this Moratorium Ordinance is to allow Town officials and staff reasonable time to evaluate the concerns raised in regard to proposed Large-Scale Solar Energy Systems, and to develop necessary Land Use Ordinance amendments to provide adequate protection for the property, health, welfare, and safety of the Town of Hope’s residents to address these concerns.
3. **Definition.** For the purposes of the Moratorium Ordinance, “Ground-Mounted Medium- and Large-Scale Solar Energy Facilities shall be defined as a system for transforming solar energy into another form of energy either for electrical or heat generation purposes where that the system is:
  - A. Medium-Scale Solar Energy Facility – Solar collector panel surface area of more than 1,800 square feet but less than 39,999 square feet of panel surface area.
  - B. Large-Scale Solar Energy Facility – Solar collector panel surface area of 40,000 square feet or greater.
4. **Effective Date.** This Moratorium Ordinance shall take effect once enacted by the Town of Hope Special Town Meeting, but notwithstanding the provisions of 1 M.R.S. § 302, shall be applicable as of March 2, 2023 as expressly provided in Section 5.
5. **Applicability.** Notwithstanding the provisions of 1 M.R.S. §302 or any other law to the contrary, this Moratorium Ordinance, when enacted, shall govern any proposed Medium- and Large- Scale Solar Energy Facilities for which an application for approval has not been deemed complete by the Planning Board and has not been the subject of at least one substantive review meeting by the Planning Board prior to March 2, 2023 , the Applicable Date of this Moratorium Ordinance.
6. **Duration of Moratorium.** The moratorium shall remain in effect for one hundred and eight (180) days from the effective date of this Moratorium Ordinance, unless extended, repealed, or modified by the Town Select Board under 30-A M.R.S. §4356.
7. **Prohibition.** A moratorium is hereby imposed, effective immediately and applicable to the maximum extent permitted by law, on all proceedings, applications, petitions and requests for Ground-Mounted Medium- and Large-Scale Solar Energy Facilities that are not pending proceedings (as defined by 1 M.R.S. §302) as of the Applicable Date of this Moratorium Ordinance and on any application for new or expanded Ground-Mounted Medium- and Large-

Scale Solar Energy Facilities within the Town of Hope filed on or after the Applicable Date of this Moratorium Ordinance. During the time this Moratorium Ordinance is in effect, no officer, official, employee, office, board, or agency of the Town of Hope shall accept, process, approve, deny, or in any other way act upon any application for a license, building permit or any other type of zoning, planning, or land use approval or permit, including but not limited to conditional use approval, for or related to a Ground-Mounted Medium- and Large-Scale Solar Energy Facilities development within the Town which was not already permitted by the Town or was not a pending proceeding for purposes of review prior to the Applicable Date of this Moratorium Ordinance.

8. **Enforcement.** If any Ground-Mounted Medium- and Large-Scale Solar Energy Facility is established in contravention of this Moratorium Ordinance, the Select Board is hereby authorized to institute any and all actions, either legal or equitable, that they deem necessary or appropriate to enforce the provisions of this Moratorium Ordinance. Any violation of this Moratorium Ordinance is subject to an enforcement action under 30-A M.R.S. § 4452. Each day of violation shall constitute a separate offense. All civil penalties shall inure to the benefit of the Town of Hope. Any violation of this Moratorium Ordinance constitutes a nuisance.
9. **Severability.** Should any section or provision of this Moratorium Ordinance be declared by any court of competent jurisdiction to be invalid, such a declaration shall not invalidate any other section or provision.

Ground Penetrating Radar (GPR) of Morey Hill Cemetery by Dr. Wang of the University of Maine at Presque Isle (UMPI)

Dr. Chenzeng Wang, a geologist with UMPI and head of “one of a few [of] the best-equipped, state-of-the-art GIS laboratories in Maine and in New England” is volunteering to conduct a GPR survey of Morey Cemetery.

Dr. Wang's GPR unit is a top of the market machine with a sub-inch accuracy Trimble GPS attachment. He has viewed our cemetery via Google maps and is confident he can complete a survey in one day with an assistant.

Dr. Wang is willing to conduct the survey sometime after the end of Spring semester, early summer. If the survey could be delayed until Fall semester, he would use it as an educational tool for his Fall semester students. He also states - “My GIS Lab is well equipped with several high-accuracy GPS units and also drones. We normally also fly drones when we GPR a cemetery to get a very high resolution aerial image.” He flags potential burials which show up very nicely on his drone images.

In response to his lab drafting a map, his response is as follows: “making a cemetery lot and/or plot map is another, different project. It is a real time consuming project. We can consider doing it only in the fall when I have dedicated student(s). Generally if a cemetery is really small we do it as a class project if a student has interest in doing it (and not paid). Otherwise, if it is a big project, no students want to do it for free.”

Cost – Dr. Wang writes: “We cannot and are not allowed to do it like a business. So far all the projects on cemeteries we have worked on involve students and are considered as community service. .... UMPI never makes any budget for our GIS Laboratory since it was built in 2009. The Lab is self-sustained for supplies and materials, equipment maintenance, and other costs. The Lab does have an account and the funds used to support the laboratory are partially from my grants, partially from private gifts, and partially from the communities - when the projects we work on are large enough and more time consuming (in particular if I have to pay students), they may write a check (any where from \$500 to \$2000) to the lab.”

In summary – Dr. Wang has stated he is willing to conduct a GPR survey after Spring semester. There may be an interest in drafting a high-quality map in the Fall. I feel a \$1,000 contribution, to cover Dr. Wang's time, pay for his assistant, and the cost of mileage from Presque Isle to Hope and back for just the GPR survey would be appropriate, maybe even throw in the cost of lunch. If we decided to ask him to draft a map, then I feel the contribution to UMPI should be higher to give incentive to his lab students.

Interactive GPS Survey of Morey Hill Cemetery by Dr. Kimberly Sebold, Professor of History, University of Maine at Presque Isle (UMPI)

Dr. Sebold has experience mapping many cemeteries in Aroostook County, Maine. She has worked from grants. Her mapping profile can be viewed at <https://ischool.arizona.edu/events/history-stones-mapping-cemeteries-teach-history-central-arostook-county-dr-kimberly-sebold> and from the same site one can view her YouTube discussion.

Dr. Sebold has volunteered, without remuneration, to come down to Hope and survey Morey Hill Cemetery using a professional Garmin GPS instrument, prepare an excel spreadsheet with the GPS coordinates to include Dr. Wang's findings, document all known burials with their gravestone readings and photograph the stones. She would then return to Presque Isle and prepare an interactive map, a map that if one clicks a dot reflected on the map based on GPS coordinates, then up pops information found on the gravestone with a picture of the gravestone.

Dr. Sebold uses ArcGIS through an account she has with University of Maine at Orono. The map that she produces can be uploaded to the Town of Hope's website and Hope Historical Society's site. She would provide us with a PDF version of the spreadsheet.

Since ArcGis is not a free program, we the Town and HHS would not be able to make updates ourselves, but Dr. Sebold says as long as she can access UMO's account, she is more than willing to make updates should we need them.

Dr. Sebold plans to stay with a local friend while in our area, but she has asked for assistants while gathering data from the cemetery. She has been provided the spreadsheet we currently have, which she states will help her. I know Beth and I will assist and hopefully we can get some other helpers.

Cost: Free, however it is my personal opinion is that if we accept her generous offer to map the cemetery with her interactive map technic, then we should offer her something and definitely pick up lunch costs.

## **Break down of work to be done and cost**

**Dr. Wang** - would like milage and contribution to his lab; he is a geologist

Has GPR with GIS. He will locate unmarked graves, place flagging and give coordinates to where they are located

Will provide drone pictures

Potential for a sophisticated map prepared by his students in Fall.

**Cost- \$500 to \$2000 TBD by Selectboard**

**Dr. Sebold** – asking simply for volunteers to help her; she is a history professor with much cemetery mapping and documentation background. We suggest a Donation be given.

She will use her professional Garmin to obtain GIS coordinates for all gravestones, marked dowsers findings and GPR findings and develop a map that is adaptable on ArcGIS online. Her map will show pinpoints that if expanded show the name, dates, location, and photos. It can be made assessable to the public.

Her YouTube “History in Stones” <https://www.youtube.com/watch?v=PFpo7YngP2Q> and <https://www.youtube.com/watch?v=nFAJI4XEDtc> explain what she is doing and how

Her website <https://wp.umpi.edu/aroostook/> which shows the interactive cemeteries

**Cost- Donation TBD by Selectboard**
